DETAILED ACTION

Note: This action is NON-FINAL.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 20-23 are rejected under 35 U.S.C. 112, first paragraph, as based on a disclosure which is not enabling. The fixed rail critical or essential to the practice of the invention, but not included in the claim(s) is not enabled by the disclosure. See *In re Mayhew*, 527 F.2d 1229, 188 USPQ 356 (CCPA 1976). Applicant failed claim the fixed part of the rail device without which the invention is inoperable.

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 20-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Claim 20 recites the limitation "said movable rail" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

6. Claims 1-5, 7-15, 17-19 and 24-30 are allowed.

Response to Arguments

7. Applicant's arguments with respect to claims 20-23 have been considered but are moot in view of the new ground(s) of rejection.
